

# Safety Data Sheet

This safety data sheet was created pursuant to the requirements of: The Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

| Issuing date : 17– Apr- 2023  | Revision Date : 17– Apr- 2023   | Version : 1  |  |  |
|-------------------------------|---|--------------|--|--|
| 1. IDENTIFICATION             |   |              |  |  |
| Product identifier            |   |              |  |  |
| Product Name                  | CD31 / PECAM1 antibody [PD-4]   |              |  |  |
| Other means of identification | <u>)</u>  |              |  |  |
| Catalog NO                    | IRM304  |              |  |  |
| Registration Number(s)        | No information available  |              |  |  |
| Recommended use of the chem   | ical and restrictions on use  |              |  |  |
| Recommended use               | For research use only. Not for use in diagnostic procedures                             |              |  |  |
| Supplier's details            |   |              |  |  |
| Manufacturer                  | iReal Biotechnology, Inc.   |              |  |  |
| Address                       | 7F3, No. 9, Sec. 3, Zhonghua Rd., North Dist., Hsinchu City, Tai<br>Tel: +886-3-5260005 | wan (R.O.C.) |  |  |
| Emergency telephone number    |   |              |  |  |
| Emergency Telephone           | +886-3-5260005  |              |  |  |

## 2. HAZARDS IDENTIFICATION

## Classification of the substance or mixture

| [ | Skin sensitization | Skin sensitization Category 1A |
|---|--------------------|--------------------------------|
|   |                    |                                |

#### GHS Label elements, including precautionary statements

#### **Precautionary Statements - Prevention**

Avoid breathing dust/fume/gas/mist/vapors/spray

Contaminated work clothing should not be allowed out of the workplace

Wear protective gloves/protective clothing/eye protection/face protection

#### Skin

IF ON SKIN: Wash with plenty of water and soap

If skin irritation or rash occurs: Get medical advice/attention

Take off contaminated clothing and wash it before reuse

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

#### Other hazards which do not result in classification

No information available

General Hazards

No information available

#### 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### Substance

Not applicable

#### Mixture

| Chemical Name                  | CAS-No     | Weight %      |
|--------------------------------|------------|---------------|
| Glycerol (glycerin, glycerine) | 56-81-5    | 20 - <50      |
| Tris                           | 77-86-1    | 1             |
| BSA                            | 9048-46-8  | 1             |
| CMIT/MIT 3:1                   | 55965-84-9 | 0.025 - <0.05 |

## 4. FIRST AID MEASURES

#### Description of first aid measures

| General advice  | Show this safety data sheet to the doctor in attendance.   |  |  |
|---|--|--|--|
| Inhalation  | Remove to fresh air and keep at rest in a position comfortable for breathing.  |  |  |
| Skin contact<br>Eye contact                                 | Wash off immediately with soap and plenty of water while removing all<br>contaminatedclothes and shoes. May cause an allergic skin reaction. If<br>symptoms persist, call a physician.<br>Immediately flush with plenty of water. After initial flushing, remove any<br>contact lenses and continue flushing for at least 15 minutes. Have eyes<br>examined and tested by medical personnel. |  |  |
| Ingestion   | Clean mouth with water and afterwards drink plenty of water. Do NOT induce vomiting.   |  |  |
| Most important symptoms and effects, both acute and delayed |  |  |  |
| Symptoms  | Itching. Rashes. Hives. The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.   |  |  |

#### Indication of any immediate medical attention and special treatment needed

Notes to physician Treat symptomatically. May cause sensitization of susceptible persons.

#### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Specific hazards arising from the chemical

Thermal decomposition can lead to release of irritating gases and vapors In the event of fire and/or explosion do not breathe fumes May cause sensitization by inhalation and skin contact.

#### Special protective actions for fire-fighters

Firefighters should wear self-contained breathing apparatus and full firefightingturnout gear. Use personal protection equipment.

## 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Use personal protective equipment. Avoid contact with the skin and the eyes. For personal protection see section 8. **Environmental precautions** 

Try to prevent the material from entering drains or water courses. See Section 12 for additional Ecological Information.

#### Methods and material for containment and cleaning up

Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. After cleaning, flush away traces with water. Prevent product from entering drains.

## 7. HANDLING AND STORAGE

#### Precautions for safe handling

#### Advice on safe handling

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. Do not eat, drink or smoke when using this product. Take Of contaminated clothing and wash before reuse.

#### Conditions for safe storage, including any incompatibilities

#### Storage conditions

Keep out of the reach of children. Keep container tightly closed. Keep containers tightly closed in a cool, well-ventilated place.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Control parameters

#### Exposure guidelines

| Chemical name                             | China | Japan Society of<br>Occupational Health | OEL                        | Australia            | Taiwan |
|---|-------|---|----------------------------|----------------------|--------|
| CMIT/MIT 3:1<br>55965-84-9                | -     | -                                       | TWA: 0.1 mg/m <sup>3</sup> | -                    | -      |
| Glycerol (glycerin, glycerine)<br>56-81-5 | -     | -                                       | TWA: 10 mg/m <sup>3</sup>  | 10 mg/m <sup>3</sup> | -      |

#### Appropriate engineering controls

Showers, eyewash stations, and ventilation systems.

#### Individual protection measures, such as personal protective equipmen

Personal protective equipment (PPE) needs to be selected depending on the implemented engineering controls, frequency/duration of work activities and the concentrations of the hazardous substance.

| Eye/face protection            | Use suitable eye protection  |
|--------------------------------|--|
| Skin and body protection       | Wear suitable protective clothing  |
| Hand protection                | Wear suitable gloves. Ensure that the breakthrough time of the glove material is not exceeded. Refer to glove supplier for information on breakthrough time for specific gloves. |
| Respiratory protection         | When workers are facing concentrations above the exposure limit they must use appropriate certified respirators  |
| General hygiene considerations | Handle in accordance with good industrial hygiene and safety practice.   |

#### 9. PHYSICAL AND CHEMICAL PROPERTIES

## Information on basic physical and chemical properties

| Physical state       | Liquid                    |                          |                          |
|----------------------|---------------------------|--------------------------|--------------------------|
| Appearance           | aqueous solution          | Odor                     | No information available |
| Color                | colorless                 | Odor threshold           | No information available |
| Property             |                           | Values                   | Remarks • Method         |
| Melting point / fre  | ezing point               | No data available        | None known               |
| Boiling point / boi  | ling range                | No data available        | None known               |
| Flammability (solid  | d, gas)                   | No data available        | None known               |
| Flammability Limit   | in Air                    |                          | None known               |
| Upper flammab        | ility or explosive limits | No data available        |                          |
| Lower flammab        | ility or explosive limits | No data available        |                          |
| Flash point          |                           | No data available        |                          |
| Autoignition temp    |                           | No data available        |                          |
| Decomposition ter    | mperature                 |                          |                          |
| рН                   |                           | No data available        |                          |
| pH (as aqueous       |                           | No data available        | No information available |
| Kinematic viscosit   |                           | No data available        | None known               |
| Dynamic viscos       | ity                       | No data available        | None known               |
| Water solubility     |                           | No data available        | None known               |
| Solubility(ies)      |                           | No data available        | None known               |
| Partition coefficier | nt                        | No data available        | None known               |
| Vapor pressure       |                           | No data available        | None known               |
| Relative density     |                           | No data available        | None known               |
| Bulk density         |                           | No data available        |                          |
| Liquid Density       |                           | No data available        |                          |

| a contact. Specific test data for the                                      |
| ailable. Repeated or prolonged skin<br>ctions with susceptible persons.    |
| ance or mixture is not available.  |
|  |
| 2  |

Unknown acute toxicity

**Product Information** 

No information available

#### **Component Information**

| Chemical Name                  | LD50 Oral            | LD50 Dermal            | LC50 Inhalation |
|--------------------------------|----------------------|------------------------|-----------------|
| Glycerol (glycerin, glycerine) | 12,600 mg/kg ( Rat ) | Rabbit - >10,000 mg/kg |                 |
| Tris                           | 5900 mg/kg(Rat )     |                        |                 |
| CMIT/MIT 3:1                   | 53 mg/kg(Rat)        |                        |                 |

#### Delayed and immediate effects and also chronic effects from short and long term exposure

| Skin corrosion/irritation         | No information available                 |
|-----------------------------------|--|
| Serious eye damage/irritation     | No information available                 |
| Respiratory or skin sensitization | May cause sensitization by skin contact. |
| Germ cell mutagenicity            | No information available                 |
| Carcinogenicity                   | No information available                 |
| Reproductive toxicity             | No information available                 |

STOT - single exposure STOT - repeated exposure Aspiration hazard No information available No information available No information available

#### **12. ECOLOGICAL INFORMATION**

#### Toxicity

0% of the mixture consists of component(s) of unknown hazards to the aquatic environment

**Ecotoxicity** The environmental impact of this product has not been fully investigated.

#### Persistence and degradability

No information available.

## **Bioaccumulative potential**

No information available.

#### Mobility

No information available.

#### Other adverse effects

No information available.

## **13. DISPOSAL CONSIDERATIONS**

#### **Disposal methods**

| Waste from residues/unused products | Dispose of in accordance with local regulations. Dispose of |  |  |
|-------------------------------------|---|--|--|
|                                     | waste in accordance with environmental legislation.         |  |  |
| Contaminated packaging              | Do not reuse empty containers.                              |  |  |

#### **14. TRANSPORT INFORMATION**

| IMDG<br>Transport in bulk according to Annex II of<br>MARPOL 73/78 and the IBC Code | Not regulated<br>No information available                         |
|---|---|
| ICAO (air)  | Not regulated   |
| ΙΑΤΑ  | Not regulated   |
| DOT   | Not regulated   |
| TDG   | Not regulated   |
| Special precautions for user  | Special provisions from the regulations relative to the           |
|   | specified mode of transport are noted by numeric code.            |
|   | Refer to the regulations for the full text of special provisions. |

#### **15. REGULATORY INFORMATION**

Safety, health and environmental regulations/legislation specific for the substance or mixture International Regulations

The Montreal Protocol on Substances that Deplete the Ozone Layer Not applicable

## The Stockholm Convention on Persistent Organic Pollutants Not applicable

The Rotterdam Convention Not applicable
